Frenchville Behaviour Policy

Frenchville State School is committed to providing a safe, respectful and disciplined learning environment for students and staff, where students have opportunities to engage in quality learning experiences and acquire values supportive of their lifelong wellbeing.

Our school has an established vision “Together We Shape Tomorrow” and the school-wide pedagogical principles:

- Valuing self and others
- Being an active local and global citizen
- Being a responsible risk-taker
- Being an effective communicator
- Engaging in challenging thinking

... to guide all school policy. Our vision is underpinned by the school’s core values:

- Pride
- Honesty
- Persistence

These principles and core values are embedded in our Responsible Behaviour Plan for students. It is expected that all members of our school community will consistently display our values and principles in all actions. This Responsible Behaviour Plan for Students is designed to facilitate high standards of behaviour so that the learning and teaching in our school can be effective and students can participate positively within our school community.

As members of the Frenchville School community, we believe that the person and property of each and every member of our community must be respected. All students have the right to learn and all teachers have the right to teach in a safe, caring, orderly environment. Each member of the school community must take personal responsibility for his / her behaviour and be prepared to enjoy the consequence of responsible behaviour or to accept the consequences of irresponsible behaviour. Our Frenchville school rules are included in this newsletter. Our full responsible behaviour plan is on our website. This plan contains further details about how we manage incidents of student misbehaviour.
